**Sartomer Joins Chemidex Cybrary® for Plastics & Elastomers**

---

**EXTON, Pa., March 2, 2009** – Global specialty chemicals manufacturer Sartomer Company has joined the new Chemidex Plastics & Elastomers Cybrary®, a free online search engine specifically for engineers. They can now easily search and find raw material information, product specifications, technical data sheets, safety information, corporate brochures and technical articles.

The site includes Sartomer brochures such as Products for Plastic Modification, Products for Elastomers, and Products for Urethane Elastomers, as well as technical information on product lines like Ricon®, Krasol®, and Poly bd®.

Visit [www.chemidex.com](http://www.chemidex.com) for access to the Cybrary.

**Sartomer Company**, part of Total's Chemicals branch, is a U.S.-based manufacturer of specialty chemicals. Headquartered in Exton, Pa., Sartomer provides a variety of specialty chemicals designed to enhance processing and performance characteristics in coatings, inks, elastomers, adhesives, sealants, composites and other demanding applications. The company's product offering includes more than 700 monomers and oligomers, polybutadiene resins, styrene maleic anhydride resins, and other specialty chemicals.
